

PROGRAM

FASEB SUMMER CONFERENCE ON PROTEIN KINASES
Copper Mountain, Colorado; July 7-12, 1991

Chairman: Jackie D. Corbin (Vanderbilt University)

Vice-Chairman: Michael Czech (University of Massachusetts)

Session 1: Monday, July 8; 9 a.m. - 12 p.m.

Opening Keynote Address: Daniel E. Koshland (U.C.-Berkeley)

Cyclic nucleotide-dependent protein kinases

Chairperson: Susan S. Taylor (University of California-San Diego)

Jackie D. Corbin (Vanderbilt University)

Roger Y. Tsien (University of California-San Diego)

Short talks: Lakshmi D. Sowadski (University of California-San Diego)

Session 2: Monday, July 8; 7 p.m. - 10 p.m.

Calcium/calmodulin protein kinases/Protein kinase C

Chairperson: Thomas R. Soderling (Vanderbilt University)

James T. Stull (Southwestern-Dallas)

Eugene S. Severin (University of Moscow, Soviet Union)

Session 3: Tuesday, July 9; 9 a.m. - 12 p.m.

Tyrosine protein kinases

Chairperson: Michael P. Czech (University of Massachusetts)

Roger Davis (University of Massachusetts)

Wen-Hwa Lee (University of California-San Diego)

Session 4: Tuesday, July 9; 7:30 p.m. - 10 p.m.

Gene regulation by protein phosphorylation

Chairperson: G. Stanley McKnight (University of Washington)

Marc Montminy (University of California-San Diego)

Jack E. Dixon (Purdue University)

Session 5: Wednesday, July 10; 9 a.m. - 12 p.m.

Ion channels, pumps, membranes

Chairperson: William A. Catterall (University of Washington)

Marc G. Caron (Duke University)

Peter N. Devreotes (Johns Hopkins)

Mauricio Montal (University of California-San Diego)

Session 6: Wednesday, July 10; 7:30 p.m. - 10 p.m.

Cell cycle regulation by protein phosphorylation

Chairperson: James L. Maller (University of Colorado)

Tim Hunt (University of Cambridge, England)

Jeremy W. Thorner (University of California-Berkeley)

Helen Piwnicka-Worms (Tufts University)

Session 7: Thursday, July 11; 9 a.m. - 12 p.m.

Tyrosine kinases

Chairperson: Tony Hunter (Salk Institute)

Graham Carpenter (Vanderbilt University)

Edwin G. Krebs/Natalie Ahn (University of Washington)

Session 8: Thursday, July 11; 7:30 p.m.

Distinguished Lecture: Edmund H. Fischer (University of Washington)

Session 9: Friday, July 12; 9 a.m. - 12 p.m.

Novel protein kinases and substrates

Chairperson: David L. Garbers (Southwestern-Dallas)
David C. LaPorte (University of Minnesota)
Louise Johnson (University of Oxford, England)
Graham Hardie (University of Dundee, Scotland)
